

Jurisdiction-Specific Terrorism Response Plan Toolkit

2024 STATEWIDE TERRORISM EXERCISE SERIES

WHAT

The purpose of this Toolkit is to provide a framework for jurisdictions across Florida to:

- ❑ **Develop** their own specific Terrorism Response Plan
- ❑ **Train** their stakeholders on their roles and responsibilities identified in the plan
- ❑ **Validate and test** the plan through a Tabletop Exercise (TTX)

WHO

This Toolkit was developed for **jurisdictions and organizations across the State of Florida** to create a **standardized Terrorism Response Plan** for their specific area. Plan developers are encouraged to revise and edit the templates to **match their own respective needs and capabilities**. These resources provide an opportunity to plan, train, and exercise both individual agency capabilities and identified gaps, as well as enhance cross-coordination across different organizations and functional areas.

HOW THE TOOLKIT INCLUDES FOUR COMPONENTS:

1

INTRODUCTORY MATERIALS

The materials include an **instructional video** and an **instructional guide** to assist jurisdictions with **developing, training, and exercising** a Terrorism Response Plan.

2

PLAN DEVELOPMENT

The **plan template** can be used to by jurisdictions to create their own **Terrorism Response Plan**. A **planning tool** is included to provide prompts and resource material to inform the content that needs to be included.

3

TRAINING RESOURCES

The training resources can be used to **inform stakeholders** identified within the plan on the **core concepts** of the plan and educate them on their **identified roles, responsibilities, and expectations**.

4

TTX IN A BOX

The TTX in a Box provides organizations with **the tools, templates, and guidance to conduct additional exercises** that test terrorism response capabilities by exercising and **validating response plans**.
